Experience

Web Development Intern, Deep Dive Coding, Albuquerque NM Summer 2018

Member of the 21st cohort at Deep Dive Coding. I worked with 13 peers demonstrating skills in JavaScript, PHP, HTML5, CSS, Bootstrap, MySql and Angular. Worked with a team of three students to design and develop a web application to help reunite lost pets with their owners.

Teacher, Albuquerque Public and Charter Schools, Albuquerque NM 2013-2018

Science Teacher at West Mesa High School and Cottonwood Classical Preparatory school.

- Create and implement curriculum for 8th through 12th grade science classes
- Host information sessions for parents during open house and information sessions
- Conduct student-led educational activities such as presentations and seminars
- Provide student-centered instruction to more than 600 students in 5 years

Instructional Technician, CNM WTC, Albuquerque, NM – 2012-2013

Assistant to instructors and students in CNM's Sustainable Technology Center.

- Organize, re-order, maintain, inventory, and assemble lab equipment and tools
- Construct, design, and maintain instructional training equipment for sustainable energy classes
- Explain wiring and circuitry to students during classes, and to visitors during open house

Planner, Architecture Department, WHPacific, Inc. Albuquerque, NM – 2008-2011

Member of planning team responsible for drafting Comprehensive Plans, Land Use Plans, Capital Improvements Programs, Regional Recovery Plans, and Architectural Programming documents for private organizations and Federal, Local, and Tribal government agencies.

- Employ graphic design, drafting, and mapping software to create graphically rich documents that are easily comprehensible for the end user

Maintenance Technician, Hyatt Place Albuquerque, NM – 2007-2008

- Worked with maintenance supervisor to ensure hotel quality for guests
- Coordinated with renovation team during major hotel renovation of a 100-room hotel
